## Creek Reservoir Project is making progress

We were most gratified to learn at Monday night's Fulton City council meeting that the plans for forming several important reservoirs on the tributaries to Harris Fork Creek are coming along nicely, and that the only principal stumbling block is getting the dams started before the end of the year.

The cooperation manifested in this

venture between the ASC, the Fulton Mayor and Council, and the landowners concerned has been responsible for whipping this project into shape in record time.

If the work can get underway on all reservoir dams before the end of the year, it is believed that funds will be appropriated next year for their speedy completion. We certainly hope so.

## Register your protest against liquor in Highlands

All citizens of The Highlands who are opposed to the location of a liquor store in their area are again being asked to attend a hearing on this matter next Monday night at the Fulton city hall.

The second hearing is required of the local ABC administrator, even though he has already held a previous hearing on this matter and has recommended denial of an application for the area.

We suspect that there have been no changes of heart in this matter at all, certainly not on our part nor on the part of our neighbors in Highlands who wish to keep the area alcohol-free. However, the State has required a re-processing of the application, and thus another hearing is necessary.

We urge every family, every prop-

erty owner in Highlands to be present next Monday night and to make his wishes known. Since the vote for and against the application, to be taken Monday night of the residents at the meeting, will be recorded and sent forward to Frankfort for review by the State ABC Administrator, it is important for everyone to be present.

We are against opening Highlands to Liquor stores — and if the area is opened to one, there will certainly be more to follow. And once they are out there and firmly established, what happens to residential attractiveness of the area?

We can't see a redeeming feature to the proposed move, and if enough residents will again register their protests Monday we are sure it will be denied in Frankfort.

## SERMONETTE OF THE WEEK

### Are You Happy?

By Bishop Fulton J. Sheen

ARE YOU perfectly happy? or are you still looking for happiness? There can be no doubt that at one time or another in your life you attained that which you believed would make you happy. When you got what you wanted, were you happy?

The fact is: you want to be perfectly happy, but you are not. How have you reacted to your disappointments?

IF YOU became cynical, you blamed things, rather than yourself. If you were married you said: "If I had another husband, or another wife, I would be happy." Or you said: "If I had another job..."; or, "If I visited another night-club, I would be happy."

In every instance, you made happiness extrinsic to yourself. No wonder YOU were never happy.

THE OTHER reaction to disappointment is much more reasonable. It begins by asking: "Why am I disappointed?"; and then, "How can I avoid it?"

Why are you disappointed? Because of the tremendous disproportion between your desires and your realizations. Your soul has a certain infinity about it, because it is spiritual. You want life, not for two more years, but always; you want to know all truths. You want love without end.

YOUR unhappiness is not due to your want of fortune, or high position, or fame or sufficient vitamins; it is due not to want of something outside you, but to a want of something inside you.

If the sun could speak, it would say that it was happy when shining — for that is the purpose for which it was made. You were made for perfect happiness. That is your purpose. No wonder everything short of God disappoints you.

ONCE YOU realize that God is

your end, you are not disappointed. You begin to see that friendship, the joys of marriage, the thrill of possession, masterpieces of art and music, the gold and silver of earth, the industries and the comforts of life, are all gifts of God.

He dropped them on the roadway of life, to remind you that if these are so beautiful, then what must be Beauty! He intended them to be bridges to cross over to Him.

LIFE is not a mockery. Disappointments are merely markers on the road of life, saying: "Perfect happiness is not here." Though your passions may have been satisfied, you were never satisfied, because while your passions can find satisfaction in this world, you cannot.

Start with your own insufficiency and begin a search for perfection. Begin with your own emptiness and seek Him who can fill it.

## Kentucky Windage

By P. W.

In last Sunday's Courier-Journal was this interesting bit of Kentucky history dealing with the question of sheriffs succeeding themselves, and how in Kentucky such a law ever got on the books in the first place:

"The question of limiting Kentucky sheriffs to one term dates from 1888. In that year, James W. 'Honest Dick' Tate, State treasurer for 21 years, absconded with all the public money within his reach, a loss officially tabbed at \$247,028.50.

"Honest Dick Tate never again was seen in Kentucky. His flight seems to have been via Louisville, Cincinnati, British Columbia, Japan, China, back to Japan, California and, finally, to Brazil, where he probably remained until death.

"The State was still groggy from the scandal when the framers of the present Constitution convened in 1890. With Honest Dick in mind, the delegates promptly limited all state-wide officials to one term. That is why, to this day, the nine constitutional State officers cannot succeed themselves.

"Because the sheriff also was the County tax collector, the delegates limited him to one term, too. In contrast, they permitted all other County officials to have indefinite succession.

"The sheriff, of course, is still the County tax collector. But modern modes of auditing, supervision by the State, and the guarantee of bonded protection all but prevent a repetition of the Tate absconction.

"Only three other states limit sheriffs to one term—Illinois, West Virginia, and Mississippi."

While I don't know about Illinois and West Virginia sheriffs, I did know a little something about SOME Mississippi sheriffs, and the reason they can't serve but one term is possibly purely humanitarian: "share the wealth." A Mississippi sheriff with yen for making money in this allegedly "dry" state can make enough off of licensed bootlegging in four years to retire. I lived down there once, and it was the most absurd situation I ever saw.

"Which - page - did - you read Dept? The following article appeared in a weekend edition of a metropolitan newspaper hereabouts on an inside page:

Duluth, Minn. (UP)—The sound

of a jet plane breaking the sound barrier may scare the dickens out of you, but it won't hurt you.

"That's the gist of a message being circulated by information officers of the Duluth Air Defense Sector to calm the nerves and the tempers of persons startled by the sudden blast of a sonic boom.

"Complaints have been made against the Air Force—some justified, some ridiculous—about the results of sonic booms," the statement said.

"It conceded that a sonic boom may shatter a window or two—but only if the pane is loose or improperly installed in the first place.

"The Air Force listed the following things which it said a sonic boom cannot do:

"Crack foundation walls or pavements; crack plaster walls installed according to building codes; cause roofs to buckle or crack; cause any structural damage (except in the case of improperly installed windowpanes or doors), or cause personal injury or damage to livestock."

In the same edition, the following short article appeared on page one:

Ottawa, Canada, Oct. 31 (AP)—The opening of the \$3,000,000 Up-lands Airport passenger terminal here has been delayed until spring because of heavy damage caused by a jet's breaking the sound barrier.

"A United States test pilot broke the sound barrier in a low-level pass over the airport while demonstrating an F104 Starfighter last August. The sonic boom broke several thousand windows, ceilings sagged, and doors were jarred loose. Damage then was estimated at \$100,000. Serious structural damage was found later."

## Bulldogs Defeat South Fulton

Bill Burnette caught a pass from Joe Bennett for a 35-yard touchdown play in the last quarter here Thursday night to give Fulton a 19-13 victory over arch-rival South Fulton.

Burnette scored all three of the Bulldogs touchdowns and the only extra point. The final touchdown broke a 13-13 tie.

Burnette scored first in the first quarter on a sixyard play. Aaron Hawks tied it for South Fulton with a one yard plunge in the third quarter, then Donald Parchman put South Fulton ahead with a rush for the extra point.

Burnette's second touchdown put the Bulldogs ahead again, and he plunged for the extra point to make the score 13-7. South Fulton tied it with a pass from Richard Isbel to John Hughes.

Four sealed bids were opened at the meeting. The unsuccessful bidders were C. H. Little Company of Jackson, Equitable Securities Company of Nashville, and Lynch, Pierce, Fennel, and Smith of Memphis. Bids of these three companies were all at rates over 4 percent, Mr. Crockett said.

## Farm News, Meetings, Events

(Ed's note: the following information, supplied THE NEWS by the USDA, ASC, nearby County Agents and agricultural agencies will be of special interest to progressive farmers in the Ken-Tenn area):

### PRICES ANNOUNCED

A short wool incentive price of 62 cents per pound and a mohair support price of 70 cents per pound were announced today by the U. S. Department of Agriculture for the 1960 Marketing Year which begins April 1, 1960.

The 1960 prices are the same as for the first five years of the program running from 1955 through the 1959 marketing years.

The shorn wool incentive price

is established under provisions of the National Wool Act of 1954 which directs the Secretary of Agriculture to take into consideration prices paid and other cost conditions affecting sheep production in determining a support price that will encourage an annual production of 300 million pounds of shorn wool. The law also limits the amounts available for making payments to 70 percent of the duties collected on imports of wool and wool manufactures since January 1, 1953.

Yearly production of shorn wool is moving toward the 300-million pound goal set by the law. Estimated 1959 production is 252 million pounds, the highest since 1946, and compares to 234 million pounds in 1955, the first year of the wool payment program. Stock sheep numbers increased 3 percent during 1957 and 4 percent

1959, were the largest since 1948.

Many acres of soybeans combined last week. Fields still too wet for heavy machinery in many fields. Labor still scarce for cotton picking.

About 70 percent of the cotton has been harvested, 70 percent of the corn, and 75 percent of the soybeans.

Eight mechanical cotton pickers are now operating in Obion County, all are doing custom work. Next year it is estimated that over 50 percent of the cotton in Obion County will be machine picked.

More land has been seeded in small grain following row crops than in previous years.

Farm-City Week, to be observed November 20-26, has been kicked-off here in Obion County by a presentation at the Fulton, Kentucky (includes many members in South Fulton, Tennessee) Rotary Club last Tuesday. The income received by farmers was presented and estimated to be around 12 million for 1959. The change that has taken place in Obion County Agriculture since 1940 was discussed, then some figures on the farms cost-price squeeze. It was pointed out that the American farmer now receives only 37 cents of the consumer dollar spent for his products.

Many more events are planned within the next month for Farm-City Week. Hunter Miller, Farm Representative for Old & Third National Bank of Union City is county chairman. District Plant to Prosper judging was completed last week here. Entries were judged in the landowners, tenant and garden divisions. County community club judging was completed last week here. Winning Communities: Division II, for communities that have not won the county contest within the past 5 years; 1st Shady Grove, 2nd Pierce-Harris, 3rd Wolverine and 4th Pleasant Valley; and Division I for communities that have won the county contest within the past 5 years; 1st Class - Mt. Moriah and 2nd Central.

A new county beef herd was started on performance testing last week. The herd is owned by Dr. R. G. Latimer, Jr. and Faye Holt and located near Mason Hall.

## FARM-CITY WEEK

### Kentucky Leads Nation In Farm-City Week Activities Week Set For Nov. 20-26

Hundreds of Kentucky communities are busy making plans for the 5th annual observance of Farm-City Week, which is scheduled for November 20-26. Local committees have been set up in nearly 90 counties for this year's observance, and 20 district chairmen are working with these committees in planning special tours, dinners, parades, exhibits, and many other types of activities designed to create a better understanding between farm and city people.

J. O. Matlick, chairman of the Kentucky Farm-City Committee, released this statement in announcing this year's week of activities: "We are all proud of the fact that for most of the five years the National Farm-City Week has been observed. Kentucky has provided much of the leadership in the development of this important national movement. We believe that no other state can match the intensity of our efforts

here in building understanding and a spirit of working together between our farm and city people. And most important, we can see these efforts paying off. Our motto of "Partners In Progress" is becoming more meaningful each year."

Burl S. St. Clair, president of the Kentucky Farm Bureau Federation, and vice-chairman for agriculture of the Kentucky Farm-City Committee, has this to say: "Farm people are becoming more conscious all the time of the fact that they are greatly dependent upon goods and services provided by city people; and at the same time, we want our city cousins to know how important agriculture is to the overall economy of the state and to the welfare of all."

### Police Report Quiet Halloween

The Fulton and South Fulton Police Departments report that this Halloween, Saturday, Oct. 31, was the quietest Halloween on record, with no property damages reported.

The Fulton Police Department report no arrests over the weekend, while South Fulton had six, four public drunkenness cases, one DWI, and one charged with bootlegging.

Pete Gray of West State Line was arrested Friday night on a DWI charge and was tried in city court Saturday morning. He was fined \$89.00.

Lonnie Daniels, colored, of South Fulton was arrested Sunday on a bootlegging charge and was fined \$38.00 in city court Monday morning.

## TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

nomical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

# Diary of Doin's

(Items gathered along Fulton's merryway for your pleasure and your scrapbook)

Tourists are beginning to learn of and talk about the friendliness of Fulton people. And this is good!

Recently, Mrs. A. B. Phelps, principal of Beelerton School, and her husband were having dinner at the Derby. She saw a lady, who was a stranger in town, eating alone. Mrs. Phelps thought the woman looked lonely and went over and spoke to her. They had a nice chat.

The woman, who lives on a small island off the West Coast of Florida, with an invalid sister, had been to visit relatives and was enroute home. Her sister was unable to leave their motel for dinner, so she was eating alone.

On Tuesday of this week Mrs. Phelps received a card from the Florida lady, thanking her for her friendliness.

Over two hundred people, most of them dressed in gay Halloween garb, turned out for Cub Pack 40's annual Halloween party Friday night at the South Fulton cafeteria. Those attending included the Cubs, leaders and parents, and a gala evening was enjoyed by all.

Prizes were awarded for the best costumes, Darrell Perry, dressed as a tramp, and Gary Parker, dressed as an old woman, took the prizes for the Cub Scouts. James Fuller won the first prize for the men and Mrs. Randall Burcham was the prize winner for the women.

A Cub Scout film was shown during the evening. Cubmaster Bobby Scates presented 102 badges to the Cubs.

Refreshments of cookies and drinks were served.

Mr. and Mrs. R. B. Allen of Fulton were the guests of honor at a reception given in Fellowship Hall from 2:30 to 4:30 Sunday afternoon in observance of their golden wedding anniversary. Mrs. J. U. McKendree, Mrs. J. A. Hemphill and Mrs. Robert D. Fry were hosts for the occasion.

Mrs. Hemphill, assisted by J. A. Hemphill and J. U. McKendree greeted the guests upon arrival. Mrs. McKendree and Mrs. Guy Irby received with Mr. and Mrs. Allen.

Mrs. Robert Fry, assisted by Mrs. H. M. Latta, Miss Carroll Fry, Miss Martha Kay Hemphill and Joe William Fry, served punch, cookies and mints from a table overlaid with white. The wedding cake of white with gold was placed in the center with an arrangement of bronze mums to the right and burning tapers in a multiple brass candelabra.

Mrs. E. H. Knighton was at the register which held an arrangement of gold chrysanthemums and a white and gold pen tied with gold ribbon.

Over 200 guests called during the afternoon.

Mr. and Mrs. Stanley Jones entertained with a dinner at their home Friday evening.

Guests were Mrs. Max McKnight, Mr. and Mrs. Richard Cardwell, Johnnie Jones, their son home from Ole Miss and a group of his buddies at college, Donnie McKnight, Frankie Cardwell, Bill Collins of New York, Bob Stegel of California, Richard Cardwell, Gordon Jones and Tom-

## TVA Electricity Bills Will Be Paid Each Month At City Hall

Brooks Crockett, superintendent of the Weakley County Municipal System of Martin, appeared before the South Fulton City Council Monday night, asking that collections be made at the city hall for the TVA electricity bills each month. Mr. Crockett said that WCMES would pay 10 cents per customer for the work done.

There are 39 homes and one restaurant in South Fulton being serviced by TVA power at the present time, and approximately 50 more will be hooked up in the Connaughton Sub-Division for TVA power during the next two weeks.

When the WCMES project of converting the City of South Fulton from KU electrical power to TVA power is completed, WCMES will have approximately 900 customers, Mr. Crockett said.

Approximately 20 to 25 poles have been set in the Covington Sub-Division during the past week.

Residents of South Fulton receiving TVA power will receive bills on the 10th of each month.

WCMES will install a small radio at the South Fulton city hall so that the office here can contact the WCMES office direct at Martin, Mr. Crockett said.

There will be a WCMES serviceman making his home in Ful-

ton and later there will be an inspector here.

At the council meeting Monday night it was announced that South Fulton must have its application in by March 1 for a federal grant to build a new sewage system in South Fulton. The system will be used by the City of Fulton also. The council voted to make application immediately.

A street problem in the Bur-cham Sub-Division was discussed. It seems that when it rains water flows off of the yards into the street causing ditches in the street. It was the opinion of the council that a ditch is needed along the street. The council also discussed a blocked ditch at the Ross home.

J. T. Hale of Mayfield, who owns 10 lots in the Connaughton Sub-Division No. 2, appeared before the council asking that his tax assessment be lowered. Mr. Hale had been assessed \$500 a lot, while others were assessed only \$250 per lot. The council voted to lower Mr. Hale's taxes to the same as the others.

It was announced at the meeting that E. W. James of Union City and Hickman is considering building a super market in South Fulton on the I. M. Jones property on the Martin Highway.

## Fulton High School News

This Saturday the Future Homemakers of America are having a candy sale in front of the Dotty Shop on Lake Street. The candy, made by the girls (of course), will be sold from 10:00 until 3:00; that is if the candy lasts that long!

Sandra Latham, a senior majorette, did a beautiful twirling job at last Thursday's game — with a fire-baton. She is going to execute this daring skill again this Friday. With luck she may get the field lights turned out so that the baton will show up better.

This Friday is, of course, the time for the Fulton-Dresden football game to be played here. It is the last home game, so there ought to be a big turnout, especially since the Bulldogs have only lost one game of the season and tied one game.

Incidentally, Fulton won over you know who.

The F. H. A. has something else planned for the near future. December 9th, to be exact, they are putting on a variety show, which has been voted to be an annual F. H. A. event. Almost all club members will be in some number, or backstage although any student may and probably will participate.

An added interest has been added to this column — non-high school news. Here it is:

Mr. Lawrence Holland, school superintendent, tells me that a reading clinic has just been completed in the elementary school. The purpose of this is to improve the teaching of elementary reading.

The clinic is to be followed by

### PLAIN TALK—

(Continued from Page 1) wanted to be a journalist. He explained how his father was a newspaper man and how he had grown up in a newspaper office. It was home to him.

Then the question was addressed to me. "I don't know, Sir." It was all I could answer.

"But surely you know why? You don't become a journalist without knowing why."

Frightened, I said the first thing that came to mind which was logical and would cause no further questioning and prying. "I want to do something interesting and different."

The professor went on to the next student without giving me a second notice. It would be quite a while before I knew why I wanted to be a journalist. At the time I saw the excitement and adventure and the glamour of intrigue and foreign places. Also, I had the disease of practically every beginning journalist — reform and crusade. Yell truth from the house tops and raise hell against evil forces. All very good if it can be done.

Then as the quarter really began and the year commenced, I discovered the training and the theory. I experienced the reaction to it, then the disillusionment, followed by feelings of failure and desire to quit. And to crown it all, I experienced, for one of the first times in my life, cynicism. For one year, I believed in nothing, and only found fault with everything. The seeds of Aethism planted a year or so before produced fruit. I can truthfully say I never set foot in a church during my junior year at school. Also I took a mad fling at fraternity life. Although I believe now that fraternities are excellent and useful to school life, I went a little to the extreme during that year.

I decided to specialize in Radio-TV, probably because it looked more glamorous and attractive. For a while I worked at a commercial TV station in Knoxville, but very soon the glitter wore thin.

Many of my fellow students in journalism had the mistaken idea that it was an easy way through school, namely, little or no work. This soon became quicksand because it did require work and

hard work. I never bothered. After all, I reasoned. I wasn't a newspaper man, never would be. Later, I knew I was only kidding myself. Probably with age comes sense and gradually I began realizing that journalism is an honored profession, not acquired overnight, but requiring a lifetime of toil and trouble, heartbreaks and successes. Peter Zenger and all that followed him had been and are a part of an important movement in the development of mankind and his society — freedom of the individual and his right to stand as an individual.

Aethism made little sense and I decided upon the church to which I wanted to belong. I remember many of my fraternity brothers professing Aethism but later, after a year or so of growing up, they found what they were looking for in religion.

All of these things happen and form the opinions and abilities of people; every occurrence is a stage leading to another through cause and effect. What seems important today, tomorrow will seem trivial and asinine.

Not too much later, and being just a little older, I know why I want to be a journalist. It is no longer glamorous, exciting in the sense romantic adventure, or

merely different. True, the profession has a certain amount of this, but not as much as you might think. However, I believe a journalist has to have elements of the adventurer in him, that is, the natural desire to find out what's going on and how and when it happened.

Right now, though it may change later somewhat, journalism to me is a demand for creativity, hard work at something worthwhile, serious, important, and reaction against the desk chain. I believe in this world of groupism, it is the last stronghold of American individualism, one of the few professions calling for thinking on the individual basis. Yet, as a journalist, a person is really a part of a group — the biggest group of all — the human race. It is the journalist that knows his people and knows a good story when he sees. And it is the journalist who has that sense of right and wrong called justice that is so much the part of our lives. In a period when democracy is becoming a mockery, it is the journalist who has his biggest fight or crusade before him — preservation of ideas and philosophies enabling such a column as this to be written in the first place.

## Ouida Jewell

Tobe Perce of Hollywood, Calif., son of City Judge H. H. Perce, is a visitor in town.

Tobe is here taking treatments for a back ailment.

The local man has been in Hollywood for quite a number of years, working in the movie industry, appearing in minor roles in numerous well-known pictures.

Tobe, a talented dancer, has also appeared in numerous television shows.

Over the years he has appeared in the movies and on TV as an actor and a dancer, has doubled for James Stewart, and has coached other actors in the southern

dialect.

Tobe is a personal friend of well-known actors such as Rock Hudson. He has done many things of interest during his long stay in Hollywood, and would be a wonderful subject to interview for a feature, but being one of those publicity-shy type of persons, he shuns all such things.

Tobe would object if he knew we were writing about him today. But he won't get mad at us, really, for he is too much of a gentleman.

In Hollywood, Tobe lives in a lovely residential hotel on Hollywood Boulevard, and is a favorite of the couple who manages the place. In fact, they think of him as their son.

Heard from Martha Cole the other day and is she enjoying New Orleans! Wayne accepted a wonderful job recently with a banana company there, and since moving to the Louisiana town Martha has been seeing the sights. She loves it! And according to her letter, she and Wayne and their young daughter, Pam, will be going to South America soon on a business trip.

We always love to hear from Martha. She writes such interesting letters. Maybe, around Christmas time we'll be able to make a trip down to New Orleans to see the Coles. Martha has promised that if we come she'll show us an exciting time — and I know she will.

When the Coles were living in Fulton and Martha and I were working together, we used to sit around, talking and day-dreaming. Now, Martha says, she's living it up and really loving it — going to all those places and doing all those things we dreamed about.

Was talking to Bob Pope of Union City and he was telling of his first big game hunt recently. He and his wife, Louise, went to visit her brothers-in-law west of Denver to the western slopes of the mountains. They spent several days camping out, before the hunting of elk began. This was fine and Bob enjoyed it all.

But, one day of actual hunting, was all that Bob needed. It was a Saturday, and before 9:30 that morning two hunters had been killed, two had been injured and one had died of a heart attack. Bob said there were hunters everywhere and bullets were whizzing all around. The Denver newspapers said that there were 70,000 hunters on the western slopes that day.

According to Bob, he got up on a mountain peak away from all the rest and remained there for the remainder of the day. Then, he called it quits!

The Fulton High Bulldogs will meet the Dresden football team at Memorial Stadium here on Nov. 6.

You should go by the City Clerk's office and take a look at the beautiful fruit arrangement they have in the office. The decoration was made by Shirley Hawks and Nemo Williams. They gathered two or three pumpkins, big bunches of grapes, apples and other fruits and vegetables, then put them in a planter. They used scotch tape so they would stay to-

## Officer Guilty On Assault Case

An Obion County circuit jury last week found a Union City police officer guilty of assault and battery, and handed him a six-month suspended sentence and \$200 fine.

The jury deliberated for two hours and 45 minutes before convicting Vester Moore, 28.

The officer was charged with felonious assault with a deadly weapon and, had the jury found him guilty of the intent to murder, he could have drawn as much as three to 21 years in the penitentiary.

Under the instructions given the jury by Judge E. A. Morris, it was the lightest verdict possible other than a complete acquittal.

Moore, who was defended by Tom Elam of Union City, was charged in connection with the August 4 shooting of Theodor Williams, a shooting he testified resulted when Williams resisted arrest, fought with the officer, grabbed his blackjack and tried to snatch his pistol from his holster.

gether, then vanished them all. The arrangement is beautiful!

About a month ago I mailed the Commercial Appeal a picture of the Fulton High cheerleaders. Never saw it in the papers, so decided they hadn't used it. Johnny Jones, a student from Ole Miss was home over the weekend and told of seeing the local cheerleaders' picture in the Mississippi edition of the CA listed as cheerleaders from Fulton, Miss.

Halloween always seems to be a free-for-all night for mischief, but last Saturday, one prankster got fouled up. It seems some boys were making roadblocks out of various peoples' lawn furniture; one boy decided he was going to throw a lawn chair into a near-by body of water. 'Unfortunately' he forgot to let go and fell in with the chair. He also happened to have a pocketfull of eggs. Result—he went home dripping water and with his pockets filled with scrambled eggs.

Congratulations to Mr. and Mrs. Landon Roberson of South Fulton who last week observed their sixtieth wedding anniversary. Mr. Roberson is a retired I. C. railroad employee.

River at the mouth of the Cumberland.

One day a slave lad accidentally broke a pitcher. Infuriated, Lillburn Lewis, one of Lucy's sons, mutilated and killed the boy and burned his body in a roaring fire. The crime was committed on Dec. 16, only a few hours before the earthquake of that year created great havoc.

Fearing his wife would late the deed, Lillburn tried to keep her from seeing people, but she escaped with her child to her father's house. Not long after, a passerby observed a dog gnawing a human bone and started an investigation that resulted in a warrant for the arrest of Lillburn Lewis and his brother.

The brothers decided to die by their own hands before officers arrived. Isham saw his brother shoot himself over their mother's grave. But frightened by Lillburn's death agonies, Isham's courage failed and he fled.

He was captured and placed in an old log jail at Salem, then the county seat. Later he escaped, joined the army under an assumed

name and was killed in the Battle of New Orleans.

The Lewis home became the "haunted house" of the neighborhood. Many a passing boatman declared he heard heart-rending groans from the cemetery where Lucy Jefferson Lewis was buried.

## DID YOU KNOW?

Under the new Social Security Act there is a Death Benefit Fund for every one covered by Social Security. Usually the payment is three times your monthly check, or what you would be entitled to draw if you were 65, not to exceed \$255.00. Make sure your family knows just where your Social Security Card is so that in an emergency it can be presented to the proper parties.

Because we try to keep abreast of these and other regulations as a part of the services we have to offer, feel free to call us on such matters anytime.

## Florida Couple Here Because Of Illness, Praises People Of Fulton

"The people of Fulton are the kindest people we have ever known," stated Mr. Syd Prestwich of Sarasota, Fla., recently, when he was preparing to leave Hillview Hospital.

Mr. Prestwich, who became ill here two weeks ago, while registered at the Park Terrace Motel and had to be admitted to the hospital for an operation, was very

high in his praise of everyone who had been so nice to him. So was his charming wife.

Mr. Prestwich, 76, a retired engineer for the DuPont Company of Wilmington, Del., and his wife had been in St. Louis visiting their daughter and her family. Enroute home Mr. Prestwich became ill and an hour and a half after stopping at the Park Terrace he had to be rushed to the hospital for an appendectomy. The Prestwichs were accompanied to the hospital by Mr. and Mrs. George Batts, who manage the motel.

At Hillview Mrs. Prestwich expressed concern over where she would stay during her husband's confinement and Dr. Eddie Crocker said that she could sleep and have her meals at the hospital.

Mrs. Prestwich immediately joined in on everything. She and her husband made friends with patients and staff at the hospital.

The nurses have been making beautiful pillow tops and some of the patients have been doing the same. Mrs. Prestwich started her two.

The Prestwichs are Episcopalians, so were visited by the Rev. Alfred Maloney, pastor of the local church. Mrs. Prestwich attended church there twice during the past two weeks, and also attended the funeral services for Mr. Tom Haddad, who, while a patient at Hillview was in a room next to Mr. Prestwich.

Mrs. Prestwich also shopped

downtown and went on a tour around town to see the new Ferry Morse Seed plant and other places of interest.

The Prestwichs said that from their daughter, who is a graduate of Duke University, they had heard about the friendliness of the southern people, but had never realized what she meant until their two-weeks stay here.

"We don't consider Florida as south. It's too metropolitan. We have been through Fulton before, having stopped overnight at the Park Terrace, but this is the first time we have been in the south long enough to really get to know the people," the charming couple said.

Mr. Prestwich retired eleven years ago. They then moved to Florida. He was born, reared and educated in England, but he and his wife, a native of Ohio, had lived in Delaware for 39 years before moving to Florida.

Asked what he did with his time since retiring, his wife explained that Mr. Prestwich enjoys reading the classics and gardening. "Me, I like to read the 'who done it's'," she laughed.

Mrs. Carmi Lee Jackson, a patient at Hillview, became a friend of the couple and gave us a call, telling of the interesting Prestwichs, and inviting us out to the hospital to meet them.

## Lions Given Preview Of Minstrel Friday

The Fulton Lions Club held its weekly luncheon meeting Friday at the Park Terrace. The guests were Joe Johnson and Mr. Cresson, new manager of the National Stores.

Smith Atkins gave a report on the advance ticket sale for the Minstrel show. The advance sale is going extremely well. A short preview of the Minstrel was given by Mrs. H. N. Strong, Mrs. Jean LeMaster, Mrs. L. C. Logan, and Charles Gregory. Indications are that this will be the most entertaining Minstrel ever held.

October was membership drive month for the Lions Clubs throughout the nation and the local club installed nine new members. These new members are: Charles Reams, J. E. McNatt, John Joe Campbell, George Albritton, Bob Morgan, Colonel Benedict, John Laid, Leon Hutchens, and C. D. Edwards. The new members were installed by Bill Peyton, who is past District Governor and at the present time is an International Director and President of the Lone Oak Club in Paducah.

Emblems were also presented to several members for their many years of service in the Lions Organization. They were: Ernest McCollum - 15 years, Bob Binford - 10 years, J. L. Jones - 10 years, W. B. Holman - 15 years, and Aaron Butts - 20 years. There were two charter members with 35 years service. They were Smith Atkins and Lawson Roper.

## Car Leaves Highway, Destroys Porch

An automobile driven by Leotis Martin, colored, of Toledo, Ohio, failed to make a turn at the islands on the by-pass in Riceville Saturday at noon, tearing down four highway signs, bending another. He lost control of his car; the vehicle left the highway and plowed into the front porch of the Ollie Pinegar home. The porch was destroyed. The car was damaged slightly.

No one was injured. In the car with Martin were his mother, Mrs. Everlue Martin and L. C. Thomas, both of Toledo. The group was enroute to Arkansas. Deputy Sheriff Billy Westmoreland investigated the accident.

Tobe Perce of Hollywood, Calif., son of City Judge H. H. Perce, is a visitor in town.

Tobe is here taking treatments for a back ailment.

The local man has been in Hollywood for quite a number of years, working in the movie industry, appearing in minor roles in numerous well-known pictures.

Tobe, a talented dancer, has also appeared in numerous television shows.

Over the years he has appeared in the movies and on TV as an actor and a dancer, has doubled for James Stewart, and has coached other actors in the southern

dialect.

Tobe is a personal friend of well-known actors such as Rock Hudson. He has done many things of interest during his long stay in Hollywood, and would be a wonderful subject to interview for a feature, but being one of those publicity-shy type of persons, he shuns all such things.

Tobe would object if he knew we were writing about him today. But he won't get mad at us, really, for he is too much of a gentleman.

In Hollywood, Tobe lives in a lovely residential hotel on Hollywood Boulevard, and is a favorite of the couple who manages the place. In fact, they think of him as their son.

Heard from Martha Cole the other day and she is enjoying New Orleans! Wayne accepted a wonderful job recently with a banana company there, and since moving to the Louisiana town Martha has been seeing the sights. She loves it! And according to her letter, she and Wayne and their young daughter, Pam, will be going to South America soon on a business trip.

We always love to hear from Martha. She writes such interesting letters. Maybe, around Christmas time we'll be able to make a trip down to New Orleans to see the Coles. Martha has promised that if we come she'll show us an exciting time — and I know she will.

When the Coles were living in Fulton and Martha and I were working together, we used to sit around, talking and day-dreaming. Now, Martha says, she's living it up and really loving it — going to all those places and doing all those things we dreamed about.

Was talking to Bob Pope of Union City and he was telling of his first big game hunt recently. He and his wife, Louise, went to visit her brothers in Denver and Bob and his brothers-in-law went hunting. They traveled about 180 west of Denver to the western slopes of the mountains. They spent several days camping out, before the hunting of elk began. This was fine and Bob enjoyed it all.

But, one day of actual hunting, was all that Bob needed. It was a Saturday, and before 9:30 that morning two hunters had been killed, two had been injured and one had died of a heart attack. Bob said there were hunters everywhere and bullets were whizzing all around. The Denver newspapers said that there were 70,000 hunters on the western slopes that day.

According to Bob, he got up on a mountain peak away from all the rest and remained there for the remainder of the day. Then, he called it quits!

The Fulton High Bulldogs will meet the Dresden football team at Memorial Stadium here on Nov. 6.

You should go by the City Clerk's office and take a look at the beautiful fruit arrangement they have in the office. The decoration was made by Shirley Hawks and Nemo Williams. They gathered two or three pumpkins, big bunches of grapes, apples and other fruits and vegetables, then put them in a planter. They used scotch tape so they would stay to-

## Officer Guilty On Assault Case

An Oblion County circuit jury last week found a Union City police officer guilty of assault and battery, and handed him a six-month suspended sentence and \$200 fine.

The jury deliberated for two hours and 45 minutes before convicting Vester Moore, 28.

The officer was charged with felonious assault with a deadly weapon and, had the jury found him guilty of the intent to murder, he could have drawn as much as three to 21 years in the penitentiary.

Under the instructions given the jury by Judge E. A. Morris, it was the lightest verdict possible other than a complete acquittal.

River at the mouth of the Cumberland.

One day a slave lad accidentally broke a pitcher. Infuriated, Lillburn Lewis, one of Lucy's sons, mutilated and killed the boy and burned his body in a roaring fire. The crime was committed on Dec. 16, only a few hours before the earthquake of that year created great havoc.

Fearing his wife would late the deed, Lillburn tried to keep her from seeing people, but she escaped with her child to her father's house. Not long after, a passerby observed a dog gnawing a human bone and started an investigation that resulted in a warrant for the arrest of Lillburn Lewis and his brother Sam.

The brothers decided to die by their own hands before officers arrived. Isham saw his brother shoot himself over their mother's grave. But frightened by Lillburn's death agonies, Isham's courage failed and he fled.

He was captured and placed in an old log jail at Salem, then the county seat. Later he escaped, joined the army under an assumed

name and was killed in the Battle of New Orleans.

The Lewis home became the "haunted house" of the neighborhood. Many a passing boatman declared he heard heart-rending groans from the cemetery where Lucy Jefferson Lewis was buried.

## Florida Couple Here Because Of Illness, Praises People Of Fulton

"The people of Fulton are the kindest people we have ever known," stated Mr. Syd Prestwich of Sarasota, Fla., recently, when he was preparing to leave Hillview Hospital.

Mr. Prestwich, who became ill here two weeks ago, while registered at the Park Terrace Motel and had to be admitted to the hospital for an operation, was very

high in his praise of everyone who had been so nice to him. So was his charming wife.

Mr. Prestwich, 76, a retired engineer for the DuPont Company of Wilmington, Del., and his wife had been in St. Louis visiting their daughter and her family. Enroute home Mr. Prestwich became ill and an hour and a half after stopping at the Park Terrace he had to be rushed to the hospital for an appendectomy. The Prestwichs were accompanied to the hospital by Mr. and Mrs. George Batts, who manage the motel.

At Hillview Mrs. Prestwich expressed concern over where she would stay during her husband's confinement and Dr. Eddie Crocker said that she could sleep and have her meals at the hospital.

Mrs. Prestwich immediately joined in on everything. She and her husband made friends with patients and staff at the hospital.

The nurses have been making beautiful pillow tops and some of the patients have been doing the same. Mrs. Prestwich started her two.

The Prestwichs are Episcopalians, so were visited by the Rev. Alfred Maloney, pastor of the local church. Mrs. Prestwich attended church there twice during the past two weeks, and also attended the funeral services for Mr. Tom Haddad, who, while a patient at Hillview was in a room next to Mr. Prestwich.

Mrs. Prestwich also shopped

downtown and went on a tour around town to see the new Ferry Morse Seed plant and other places of interest.

The Prestwichs said that from their daughter, who is a graduate of Duke University, they had heard about the friendliness of the southern people, but had never realized what she meant until their two-weeks stay here.

"We don't consider Florida as south. Its too metropolitan. We have been through Fulton before, having stopped overnight at the Park Terrace, but this is the first time we have been in the south long enough to really get to know the people," the charming couple said.

Mr. Prestwich retired eleven years ago. They then moved to Florida. He was born, reared and educated in England, but he and his wife, a native of Ohio, had lived in Delaware for 32 years before moving to Florida.

Asked what he did with his time since retiring, his wife explained that Mr. Prestwich enjoys reading the classics and gardening. "Me, I like to read the 'who done it's'", she laughed.

Mrs. Carmi Lee Jackson, a patient at Hillview, became a friend of the couple and gave us a call, telling of the interesting Prestwichs, and inviting us out to the hospital to meet them.

## Lions Given Preview Of Minstrel Friday

The Fulton Lions Club held its weekly luncheon meeting Friday at the Park Terrace. The guests were Joe Johnson and Mr. Crenson, new manager of the National Stores.

Smith Atkins gave a report on the advance ticket sale for the Minstrel show. The advance sale is going extremely well. A short preview of the Minstrel was given by Mrs. H. N. Strong, Mrs. Jean LeMaster, Mrs. L. C. Logan, and Charles Gregory. Indications are that this will be the most entertaining Minstrel ever held.

October was membership drive month for the Lions Clubs throughout the nation and the local club installed nine new members. These new members are: Charles Reams, J. E. McNatt, John Joe Campbell, George Albritton, Bob Morgan, Colonel Benedict, John Laid, Leon Hutchens, and C. D. Edwards. The new members were installed by Bill Peyton, who is past District Governor and at the present time is an International Director and President of the Lone Oak Club in Paducah.

Emblems were also presented to several members for their many years of service in the Lions Organization. They were: Ernest McCollum - 15 years, Bob Binford - 10 years, J. L. Jones - 10 years, W. B. Holman - 15 years, and Aaron Butts - 20 years. There were two charter members with 35 years service. They were Smith Atkins and Lawson Roper.
